Safe is the way we are born
To live, to love and to be free
Just like Jesus, our families teach us
To be safe to live happily.

Safe is the way we are born
To live, to love and to be free
Just like Jesus, our families teach us
To be safe to live happily.

Sacred holy special
Our bodies that is what they are
Sacred holy special
Jesus our Morning Star.

Sacred holy special
Our bodies they are our own
Sacred holy special
Together we never stand alone.

Safe is the way we are born
To live, to love and to be free
Just like Jesus, our families teach us
To be safe to live happily.
